**OCR GCSE Psychology**

*Fourth Edition*
Barbara Woods, Karon Oliver and Phil Banyard

**Motivate and engage your students with this straightforward, topic by topic introduction to Psychology.**

The quick background section introduces exactly what your students need to know at the start of each unit. The key studies are then set out as clearly as possible, explaining procedures and providing conclusions. There's also help on applying knowledge, with explanations of the real life relevance of research.

- Enables students to excel in their exams by mapping out everything they need to know for each topic
- Help students’ understanding by explaining the procedures and conclusions of key studies clearly
- Ensures students can apply their knowledge by using real life examples of the relevance of research

**Online Teacher Resource**
Each section of this Teacher resource contains guidance on delivering the specification, schemes of work, and PowerPoint presentations for teachers. There are also resources for lesson starters, practical activities, student worksheets and whole-class activities.

**AQA GCSE Psychology**

*Third Edition*
Barbara Woods, Victoria Carrington, Nigel Holt and Rob Lewis

**Set out by topic just like the specification, this is a lively and straightforward guide to GCSE.**

Written by a team of experienced authors this text covers all the key topics and issues in this new specification. All Unit 1 and Unit 2 topics, from Memory through to Aggression, are introduced to the beginner. The book also introduces Research Methods and relates these to topics throughout and in two separate sections, making the book suitable for both Short and Full course students.

- Helps students stay engaged with full-colour photographs and activities throughout
- Accessible introduction that builds understanding of Psychology research
- Ensures understanding with explanations and evaluations of key studies in terms of the focus on Reasons, Methods, Results and Conclusions

**Student Workbooks** take a skills-focused, topic specific approach to create confident, literate and well-prepared students.

See pages 7 and 9 for our new ranges.

**Study Skills and Revision** help students work on key skills required in the examinations.

See page 7 for our AQA resources.
AQA A-level Psychology

Student’s Books

Jean-Marc Lawton and Eleanor Willard

The Student’s Books 1 and 2 have been selected for AQA’s official approval process.

Equip your students with the knowledge and skills that they need for the new AQA Psychology AS and A-level; guidance on assessment objectives, activities and clear, comprehensive coverage consolidate understanding and develop key skills to ensure progression.

• Thoroughly engage your students with Psychology at AS and A-level through extensive real-life contemporary research

• Ensure your students learn and understand content for all the key topics with the clear, accessible style from Jean-Marc Lawton and Eleanor Willard

• Help students understand the assessment objectives and develop their examination skills with assessment guidance and checks throughout and practice questions

• Ensure progression and encourage independent thinking with extension suggestions and activities

• Supports co-teaching of AS and year one A-level for the new AQA specification

Dynamic Learning

Jean-Marc Lawton

Teach the new AQA Psychology A-level with confidence, with presentations on all topics, including activities, quizzes, exam-style questions and student support as part of the Teaching and Learning Resources.

• Take the hassle out of practical practice, with our pre-designed and interactive research ideas

• Readily access focused activities for your students, designed around key areas of the specification, including research, core studies and ethical questions

• Monitor progress with quizzes and exam-style questions on every topic

• Stretch and challenge your students with prepared extension tasks based around the textbook

• Support students’ revision with pre-prepared worksheets, including mind maps that are either pre-filled or require students to fill in the blanks

Whiteboard eTextbooks are online, interactive versions of the Student’s Books, ideal for displaying to your class and lesson planning.

Student eTextbooks are downloadable versions of the Student’s Book that can be assigned to students so they can view and edit a personal copy on any of their devices.

OCR A Level Psychology

Student’s Books
Louise Ellerby-Jones, Sandra Latham and Nigel Wooldridge
We are working in partnership with OCR on print and digital resources that support the teaching and learning of the new A Level Psychology specification.
Ensure your students master the core studies, research methods and applied topics for OCR Psychology with a clear, organised approach; activities, research practicals and practice questions develop the skills required at AS and A Level.
• Supports you and your students through the new OCR A Level specification, with an author team experienced in teaching and examining OCR Psychology
• Helps students easily navigate the core studies and associated themes and perspectives with an organised, accessible approach
• Ensures students develop strong research skills, with research practicals and thorough coverage of the content needed for the Research Methods paper
• Develops the critical thinking, mathematical and problem-solving skills required for the study of Psychology through a wealth of targeted activities
• Strengthens students’ learning and progression with practice questions and extension activities

Dynamic Learning
Rajiv Ariaraj and Mark Furnish
Teach the new OCR Psychology A Level with confidence; with fully-prepared interactive lessons including activities, quizzes, exam-style questions and student support for all topics as part of the Teaching and Learning Resources.
• Take the hassle out of practical activities, with our pre-designed and interactive research ideas
• Easily find what you need, when you need it with our resources, which can be uploaded to your VLE
• Make use of the readily accessible, focused activities for your students, designed around key areas of the specification, including research, core studies and ethical questions
• Be flexible in your teaching with fully designed yet editable resources

Whiteboard eTextbooks are online, interactive versions of the Student’s Books, ideal for displaying to your class and lesson planning.
Student eTextbooks are downloadable versions of the Student’s Book that can be assigned to students so they can view and edit a personal copy on any of their devices.

Edexcel A level Psychology

Student’s Books

Christine Brain

We are working with Edexcel to get these resources endorsed.

Develop your students’ knowledge of the foundations of modern psychological understanding and its applications with this detailed textbook for Edexcel AS and A level Psychology, with targeted activities and clear explanations to build practical, mathematical and problem-solving skills.

Written by experienced author and examiner Christine Brain, these AS and A level textbooks are fully mapped to the new Edexcel specification.

- Help students build their confidence in practical, mathematical and problem-solving skills through well-presented explanations and activities
- Develop understanding and help each student reach their potential with the essential information covered in a clear, logical format, supported by illustrations, questions and extension tasks
- Supports you and your students through the new specification, with accessible coverage of all the key areas of Psychology
- Encourages your students to develop their interest in Psychology and its applications, with extension tasks and relevant content

Dynamic Learning

Whiteboard eTextbooks

Whiteboard eTextbooks are online interactive versions of the printed textbook that enable you to:

- Display interactive pages to your class
- Add notes and highlight areas
- Add double page spreads into lesson plans

Student eTextbooks

Student eTextbooks are downloadable versions of the printed textbook that you can assign to students so they can:

- Download and view on any device or browser
- Add, edit and synchronise notes across two devices
- Access their personal copy on the move

Psychology Review

Editorial board: Cara Flanagan (Senior editor), Phil Banyard, Anthony Curtis and Matt Jarvis

Develop a thorough understanding of the perspectives and issues in A-level Psychology.

Celebrating its 20th year Psychology Review is written specifically for A-level students, with articles that broaden their understanding of psychological concepts and research. The magazine is also an excellent classroom resource, ensuring teaching is student centred and building the skills students need for higher education.

• Articles bring fresh perspectives on core psychology topics
• Key theory and recent research are put into A-level context
• Looks beyond A-level to studying psychology at university and the diverse career paths it can offer

A subscription includes four magazines per year (September, November, February and April). Extra online resources include revision PowerPoints summarising key topics for teaching and revision, quizzes, podcasts and videos linked to articles in each issue and advice on how you can use Psychology Review with the forthcoming new specifications.

Online Archive

Psychology Review Online Archive provides a balance of reliable content and easy, 24/7 online access, helping students to deepen their subject understanding and improve their research skills at their own pace:

You can trial the archive free for 30 days at www.hoddereducation.co.uk/psychologyreview

Psychology Review, Volume 20, 2014/15

Institutional subscription 9781471803741 from £34.00 for 1 year

Order an institutional subscription and add any number of associated subscriptions from £12.50 each.

Online archive 9781471800962 from £150.00 + VAT

* 2 year subscriptions also available for print and online archive subscriptions

Order online at www.hoddereducation.co.uk/magazines or email subscriptions@bookpoint.co.uk

AS and A2 for the current specifications

Friday Afternoon AS & A2 Psychology

Engaging revision activities and games allow students to apply their knowledge using a variety of learning styles, and to review and reinforce their understanding of key terms and concepts.

- The pack is fully photocopiable and the CD-ROM provides a PDF version for easy printing
- Activities can be adapted for individual, paired or group work
- Engages students with activities suitable for revision sessions or throughout the course

Friday Afternoon AS/A2 Psychology
Photocopiable Ring Binder (plus free CD) 155pp 978034094699 £99.99

A–Z Psychology Handbook (+ Online)

Fourth Edition
Mike Cardwell
Series Editor: Ian Marcoussé
This is the ultimate subject dictionary to take students from their first day, right up to the night before their exams.

Clear concise entries, worked examples and cross referencing give students all they need to know for the very best grades. Plus, all content is available online with additional exam support and definitions at the click of a mouse.

A-Z Handbook
Psychology 320pp 9780340991039 £14.99

Go to www.philipallan.co.uk/a-zonline to sign up for a free trial.
You and your students can have access to all the A-Z Handbooks online with an institutional subscription, from £200 per year.

Gross Guides to Psychology

Richard Gross, Jean-Marc Lawton, Sarah Byrne, Sandra Hardern, Sarah Middleton and John Griffin

A stripped down guide to make sense of the specification, one step at a time.

Written by best selling Psychology author Richard Gross, and a team of experienced examiners, these guides can be used from the beginning of the course to study for lessons or just before exams as a revision tool.

- Headline factual knowledge: all the information needed to get the basic marks
- Evaluation pointers: topics summarised to ease revision
- Psychology as a Science: more complex ideas, looking at how topics link together to help your students get the highest grades.

How to order
To place an order you can either photocopy this Order Form or cut it out and send it back to us. Either way simply fill in the grid below with the Title, ISBN and Price followed by the number you require. Then fill in the Sub-total box, add on the P&P (see box at the bottom of the page) and write the amount in the Total Payable box. You’ll find the title, ISBN and price information on each page of the catalogue.
You then just need to turn over to fill in your details before sending or faxing it back to us.

Inspection / Approval copies
Inspection copies allow you to review texts for up to 60 days; if you choose to purchase 15 or more copies you may keep this Inspection copy free of charge. You can also sign up for a digital e-Inspection copy – you get instant access to the whole book for 30 days: no returns, no hassle, and it’s good for the environment too.
Visit www.hoddereducation.co.uk today. Approval copies are for photocopiable and / or high value resources and after 60 days must be paid for or returned. To order an Inspection or Approval copy simply tick the I/A column.

N.B. You can still order titles that are not yet published. Just fill in the Order Form and you’ll receive the title as soon as it’s available.

All tests are sold in complete packs. An order for 1 ‘Reading Progress Test 1’ will result in 1 pack containing 10 copies of the test.
