Progress in Geography: Key Stage 3

Series Editor: David Gardner
Authors: Jo Coles, David Gardner, Eleanor Hopkins, John Lyon, Catherine Owen, Alan Parkinson, Rebecca Priest, Stephen Schwab and Susan Schwab

About this course
Plan for progress at Key Stage 3 and ease the transition to GCSE; this new KS3 Geography course puts progression and assessment at the heart of the curriculum, laying firm foundations for the reformed GCSEs. Created by a KS3 curriculum design specialist and experienced teachers, this ready-made course enables you to plan for progress at strategic, medium-term and individual lesson level.

Free resources to support the course include: a progression framework, a 59-page planning overview and 3 course planners (for a 2-year, 2.5-year and 3-year KS3 curriculum). Access these resources at www.hoddereducation.co.uk/ProgressinGeography

Student Book PRINT & DIGITAL
Motivate pupils to develop their geographical skills, knowledge and understanding as they become engaged and accomplished geographers, ready for the demands of GCSE.
Specifically designed to provide a solid foundation for the 2016 GCSE specifications, this Student Book takes an enquiry-based approach to learning within each unit and lesson.

• Easily and cost-effectively implement a new KS3 scheme of work: this coherent single-book course covers the latest National Curriculum content, providing 150 ready-made lessons that can be used flexibly for a two or three-year KS3

• Build and improve the geographical knowledge and skills that pupils need: every double-page spread represents a lesson, with rich geographical data and place contexts for pupils to interpret, analyse and evaluate

• Lay firm foundations for GCSE: key vocabulary, command words and concepts are introduced gradually, preparing pupils for the content and question types they will encounter at GCSE, with a particular focus on analysis and evaluation questions

• Effectively assess, measure and demonstrate progress: formative assessments throughout each lesson and summative end-of-unit reviews include questions that show whether pupils are ‘working towards’, ‘meeting’ or ‘exceeding’ expectations

• Encourage pupils to check and drive their own progress: learning objectives and end-of-unit learning outcomes help pupils reflect on their learning and make connections between key concepts and skills throughout the course

Aiming for an A in A-level Geography

Simon Oakes

Help your students reach the result they deserve; this year-round course companion develops the higher-order thinking skills that top-achieving students possess, providing step-by-step guidance, examples and tips for getting an A grade.

• Develops the ‘A grade skills’ of analysis, evaluation, creation and application, ensuring that students know how to apply these skills and approach each exam question as an A/A* candidate
• Takes students step by step through the specific skills they need to master in A-level Geography, including geographical reading, data analysis and skills for the Independent Investigation (NEA)
• Clearly shows how to move up the grades with sample responses that have been annotated to highlight the key features of A/A* answers
• Puts the theory behind achieving an A grade into practice, providing in-class or homework activities and further reading tasks that stretch towards university-level study
• Supports the AQA, Pearson Edexcel, OCR and WJEC/Eduqas specifications

A-level Geography Topic Masters

Series Editor: Simon Oakes
Authors: Andrew Davis, Bob Digby, Cameron Dunn, Nicky King, Garrett Nagle, Peter Stiff and Sue Warn

Master the in-depth knowledge and higher-level skills that A-level Geography students need to succeed; these focused topic books extend learning far beyond your course textbooks.

Blending detailed content and case studies with questions, exemplars and guidance, each book:

- Significantly improves students’ knowledge and understanding of A-level content and concepts, providing more coverage of each topic than your existing resources
- Strengthens students’ analytical and interpretative skills through questions that involve a range of geographical data sources, with guidance on how to approach each task
- Demonstrates how to evaluate issues, with a dedicated section in every chapter that shows how to think geographically, consider relevant evidence and structure a balanced essay
- Equips students with everything they need to excel, from case studies and definitions of key terminology, to suggestions for further research and fieldwork ideas for the Independent Investigation
- Helps students to check, apply and consolidate their learning, using end-of-chapter refresher questions and discussion points, plus tailored advice for the AQA, Pearson Edexcel, OCR and WJEC/Eduqas specifications
- Offers trusted and reliable content, written by a team of highly experienced senior examiners and reviewed by academics with unparalleled knowledge of the latest geographical theories

Teaching & Learning Resources

Ready-made resources, multimedia content, lesson planning tools, self-marking tests and progress reporting:

- Group resources, plan, and deliver outstanding lessons using the Lesson Builder tool.
- Share lessons and resources with students and colleagues.
- Monitor student progress through interactive tests.

Exam Question Practice

Exam-style questions, sample answers and examiner comments:

- Work through each element of the exam as a class.
- Assign timed exam-style questions as classroom activities or homework.
- Get exam guidance with subject-specific advice and tips.

Student eTextbooks

Downloadable versions of the printed textbook that are assigned to individual students.

- Use on any device, with on-the-go access via the Dynamic Reader App.
- Add, edit and synchronise notes across 2 devices.
- Choose from 1, 2 or 3-year access options – all cheaper than the printed textbook.

Whiteboard eTextbooks

Online interactive versions of the printed textbook for front-of-class teaching.

- Display interactive pages to your class, add notes and highlight areas.
- Launch the accompanying Teaching & Learning Resources for each page when you subscribe to both.
