Understanding History: Key Stage 3

Series Editor: Michael Riley
Authors: Alex Ford, Kath Goudie, Richard Kennett, Helen Snelson

About this course
Create the best possible foundation for GCSE History in Key Stage 3. Designed to prepare pupils for the demands of the 2016 GCSE specifications, this new, knowledge-rich KS3 course ensures that all pupils enjoy making progress through a worthwhile and coherent KS3 curriculum.
Rethinking KS3 in light of the changed GCSEs, Understanding History solves the challenges that teachers and pupils have faced, providing 120 ready-made lessons that cover the whole of KS3 in a single book.
Extensive support for the Student Book is provided via digital Teaching & Learning Resources, two Teacher Packs and free schemes of work.

Student Book
Help every pupil to know more, look closer, think deeper and write better as they develop their historical knowledge and skills throughout Key Stage 3 and get ‘GCSE-ready’.
Exploring the stories of real people through an enquiry approach, this Student Book familiarises KS3 pupils with the different ways of thinking required for thematic, period, depth and site studies at GCSE.

- Easily and cost-effectively implement a new KS3 curriculum: this coherent single-book course contains 120 lessons that experienced and non-specialist teachers can deliver with confidence, across a two or three-year KS3
- Establish strong foundational knowledge of British History: the content has been meticulously selected to provide a chronological spine that contextualises GCSE content, saving you valuable time when teaching GCSE
- Focus on building writing skills: GCSE-style command words and question types are introduced gradually, developing the extended writing skills that pupils need to reach the highest marks, whichever GCSE specification you follow
- Effectively assess and demonstrate progress: regular activities throughout the Student Book lead to end-of-enquiry tasks, supporting both formative and summative assessment of pupils’ conceptual understanding and writing skills
- Generate enthusiasm and respect for historical evidence: pupils are encouraged to use sources and interpretations as part of their historical investigations, leading to a natural improvement in their analytical and evaluative skills

Teaching & Learning Resources

Equip your department with all of the planning, teaching and assessment resources that you need to deliver the Understanding History: Key Stage 3 course easily and effectively.

- Use the Student Book flexibly for any length of KS3: two schemes of work show how to teach the course in 6 or 9 terms, so those following a 3-year curriculum can incorporate their existing favourite lessons.

- Bring the book to life using ready-made PowerPoints: 120 lesson presentations combine visual sources, interpretations and extracts from the Student Book with lesson outcomes, activities and quizzes (answers provided).

- Pick up and teach the course with ease: every double-page spread in the Student Book is accompanied by a lesson plan that includes learning outcomes, ideas for differentiation, a lesson starter, quick quiz, activities and a plenary.

- Make the course content accessible for all abilities: worksheets that differentiate the Student Book activities provide extra support for pupils with lower prior attainment.

- Check understanding through formative and summative assessment opportunities: self-marking interactive quizzes and half-termly written tests enable you to assess pupils’ knowledge regularly, so you can identify strengths and gaps at individual, group and whole-class level.

- Gain a broader view of pupils’ progress: annotated example answers and marking guidance for the assessment tasks in the Student Book help you to report whether students are working ‘below’, ‘in line with’ or ‘above’ expectations.

- Prepare students for the requirements of your GCSE specification: question-expert tasks, based on the Student Book, target specific skills that are assessed under the AQA, Pearson Edexcel and OCR specifications.

Engaging with AQA GCSE (9–1) History

Student Books NEW PRINT & DIGITAL

Make AQA GCSE History more accessible, enjoyable and manageable, equipping students with the depth of knowledge and complex thinking skills required for exam success.

Based on his experience of teaching the specification for two years, renowned author Dale Banham uses the latest thinking on memory and visible learning to raise attainment for students of all abilities.

- Engage students with accessible routes into challenging topics: the text is broken down into bullet points and boxes, while stories about interesting people start each chapter, providing a memorable ‘hook’ for revision
- Encourage students to take responsibility for their learning: tasks are structured around five ‘steps to success’, teaching students how to Research, Summarise, Connect, Apply and Review the content
- Make learning stick: techniques such as interleaving, retrieval practice, dual coding and spaced practice help students to remember everything and use their knowledge effectively in the exams
- Build top-grade skills: the higher-order thinking skills required to construct complex arguments and reach the upper levels of the AQA mark schemes are carefully modelled, with step-by-step advice
- Improve exam results: practice questions, revision tips and guidance based on the examiners’ reports are embedded throughout the book, alongside purposeful homework activities for each week
- Cover the content in one term: a double-page spread for each lesson and a clear pathway through each unit focuses students on what they really need to know, leaving one final term for revision

Feedback on Modern World History Period and Depth Studies Teaching & Learning Resources:

“This package made teaching the new OCR GCSE much more manageable, with the worksheets and revision tests being particularly useful. The differentiation allowed the tasks to be used flexibly and as classwork or homework. The podcasts were an excellent way to introduce a topic or to act as a summary...This was definitely value for money”

Feedback on Tsarist and Communist Russia 1855–1964:

“I found this book to be so helpful in giving my essays that ‘little bit extra’, as there are hundreds of precise statistics that make brilliant evidence to support your argument. There are also different interpretations that I used as quotes to further support or challenge my argument. I genuinely do not think I would have done as well in my History A-levels as I did without this book, as it was vital in my understanding and confidence about the course.”
