National 5 Computing Science provides complete coverage of the new SQA syllabus for the updated National 5 course.

- Ensures clear support throughout the course with a text built specifically around the requirements, teaching approaches and syllabus outlines
- Divided into four sections to follow this latest syllabus: Software Design and Development, Computer Systems, Database Design and Development and Web Design and Development
- Assesses student progress with regular questions for National 5 students to test knowledge and understanding
- Consolidates knowledge with a summary of key points at the end of each chapter

**Need to Know Higher Business Management**

Peter Hagan

Find what you need to know, when you need it, with key facts for Higher Business Management. Written by an experienced teacher, author and examiner, this book will help students to:

- Build on their learning throughout the course by reinforcing the key facts, terms and concepts from the SQA Higher Business Management specification
- Put the content into context with synoptic links between topics and exam tips on technique, mistakes to avoid and things to remember
- Revise with confidence using ‘Do you know?’ questions at the end of each topic and synoptic questions at the end of each section

**Computing Science**

National 5 Computing Science Second Edition

Levels 3–4 English: Reading for Understanding, Analysis and Evaluation Skills
Jane Cooper
The perfect book to begin building skills in Reading for Understanding, Analysis and Evaluation, a critical element of English exams at National 5 and Higher.
Written in line with Curriculum for Excellence Experiences and Outcomes at Levels 3 to 4 (S1 to S3), this book teaches core close reading skills throughout the Broad General Education, so that students are ready to move towards assessment of RUAE (30% of exam marks) at National 5 and beyond.

# National 5 English: Reading for Understanding, Analysis and Evaluation

Mary M. Firth, Andrew G. Ralston

This book is ideally suited for use by students working towards National 5 English. Reading for Understanding, Analysis and Evaluation is a key part of this course, and the book provides a selection of practice exercises with questions modelled on those used in the examination, as well as many extracts from various genres, which allow the development of necessary language skills.

- Develops skills quickly and effectively using tried and trusted methods from an experienced author team
- Prepares students for assessment with specific advice and plenty of opportunities to test the theory in practice papers

English

**Advanced Higher English: Textual Analysis (with advice on Creative Writing)**

Ann Bridges, Susan MacDonald

The only book to support the compulsory Textual Analysis component of Advanced Higher English. Written by subject experts, this book contains short extracts of prose fiction, non-fiction, poetry and drama with analysis and commentary to assist students’ understanding and their ability to critically assess their reading of literature. Short writing tasks, linked to the analysis of particular techniques, help to develop aspects of creative writing skills.

- A wide selection of materials for study and practice, including fiction, poetry, drama and non-fiction
- Includes exam-style extracts and questions, with advice and sample answers provided online, free of charge
- Demonstrates practical means of improving creative writing skills by re-crafting and refining the techniques demonstrated in the extracts

| Student Book | 152pp | 9781471883026 | £15.99 |

National 4 & 5 Geography Second Editions PRINT & DIGITAL

Calvin Clarke, Susie Clarke

These second editions now include N5 examination-style questions, together with detailed advice on answering them, as well as model answers and answer commentaries. These are included for every topic and represent a significant addition to each title. Case studies and examples have also been refreshed and updated for these second editions.

- Comprehensive coverage of the National 4 and 5 curriculum in each of these student books
- End of chapter questions for each topic at National 4 and 5 levels

*Small School: Up to 900 students. Large School: 901+ students. All digital product prices are subject to VAT. Prices for access for 12 months.

**The Natural Regions topic has now been included in this book, together with Climate Change, Health and Environmental Hazards. The Natural Regions topic takes the place of Trade and Globalisation.
Geography

Higher Geography Second Editions NEW PRINT & DIGITAL
Ian Geddes, Calum Campbell

Global Issues
This new edition guides students through the content and assessment of the most popular options in the Global Issues area of the new Higher Geography course. It also covers the three most popular options of Unit 3 of the Higher Geography exam: River Basin Management, Development and Health and Global Climate Change.

Physical and Human Environments
A fully updated textbook for areas 1 and 2 of the Higher Geography course, offering a complete guide to all components of the Physical and Human elements of the course. It is the only core, full colour textbook for Units 1 and 2 of the Higher Geography exam.

Each title:
• Blends theoretical content and processes with detailed guidance on practical aspects
• Provides assessment support with exam-style questions in every chapter
• Examines well-known geographical themes and includes new contemporary case studies and exemplars
• Explains and illustrates Geographical and Mapping Skills throughout the text
• Covers all areas relevant to the updated question papers

**Need to Know Higher Geography**

Sheena Williamson, Fiona Williamson

Find what you need to know, when you need it, with key facts at your fingertips for Higher Geography.

Written by an established author duo with extensive teaching/examining experience, this book will help students to:

- Build on their learning throughout the course by reinforcing the key facts, terms and concepts from the SQA Higher Geography specification
- Put the content into context with synoptic links between topics and exam tips on technique, mistakes to avoid and things to remember
- Revise with confidence using ‘Do you know?’ questions at the end of each topic and synoptic questions at the end of each section

| Need to Know Higher Geography | 96pp  | 9781510451056 | £8.99  | Summer 2019
National 4 & 5 History Second Editions PRINT & DIGITAL

John Kerr (series editor), James McGonigle, Claire Wood, Jerry Teale, Simon Wood

The recent changes in assessment for National 5 History have been fully incorporated in these new editions, as have changes in subject content which affect some but not all areas of the course. New marking rules and mark allocations have been fully recognised, along with extensive updates to the end-of-chapter question practice sections. Each book:

• Presents comprehensive coverage of the main areas of mandatory content
• Provides guidance on assignment writing and assessment procedures for exam practice
• Explains newly-introduced concepts and words with glossary boxes throughout the text
• Offers suggestions for further topic exploration beyond the textbook

National 5 Maths with Answers Second Edition PRINT & DIGITAL
David Alcorn
National 5 Maths Second Edition offers updated, rearranged and complete coverage of the SQA syllabus for the examination of the same name from 2017/18 onwards.
• Provides thorough preparation for the exam, as revised for the updated syllabus
• Covers all the topics necessary for the revised examination
• Offers a suggested approach through all five sections (Number, Algebra, Geometry, Trigonometry and Statistics), flexibly structured so that teachers and students are also free to select alternative routes to suit individual needs
• Organised content makes it easy to plan, manage and monitor progress
• Includes Revision Exercises, for non-calculator and calculator papers, which provide opportunities to consolidate skills acquired during the course
• Exam Practice provides further questions in preparation for the extended examination(s) of the revised syllabus

### Higher Chemistry Second Edition

John Anderson, Eric Allan, John Harris

Full course coverage in this new Higher Chemistry textbook edition, updated for the latest changes to the SQA coursework and question papers.

- In-text, Study and End-of-course questions have been updated and extended in this edition, testing students’ knowledge and understanding of the chemistry presented and offering lots of practice to revise and consolidate ahead of the exam
- Worked examples show common Higher Chemistry questions and ways of answering that cover the necessary points
- Checklists for Revision provide short summaries of the key learning points at the end of each chapter so that students can self-check their learning, which helps them revise for assessments
- Brand new section ‘Additional features of the Higher Chemistry exam’ offers advice on how to tackle important new features of the exam
- Key terms and Chemical Dictionary aid understanding and allow students to check their knowledge of the key terms

Higher Physics Second Edition **NEW PRINT & DIGITAL**
Paul Chambers, Iain Moore, Mark Ramsay
Ensure your students are prepared for every aspect of their Higher Physics assessment with the only textbook that offers comprehensive coverage of the updated syllabus requirements.
- Provides clear and comprehensive coverage of the specification with each section of the book matching a unit of the new syllabus and each chapter corresponding to a content area
- Supports the ‘researching physics’ section in an appendix, covering key skills required by physics students and deals with data analysis, what can reasonably be inferred and what cannot, how we arrive at conclusions and what those conclusions mean
- Helps students to prepare for exams: each chapter contains examples of numerical, open ended and discursive type questions and combines strong coverage of essential Physics for Higher with new material and innovative teaching approaches

**Janet Miller**

A timely new edition of a successful textbook, updating previous editions of Care in Practice for Higher. Following the 2018 implementation of the new Scottish ‘Health and Social Care Standards: my support, my life’, this new edition incorporates the most recent thinking in care practice and updates previous editions of Care in Practice for Higher with current values and 2018 National Care Standards, as well as offering relevance to Nationals 4 and 5 in Care, SVQ2 and SVQ3 courses and the HNC in Social Care.

- Values are fully aligned to current thinking and practice
- Clear focus on person-centred approach to care practice
- Includes government policies such as GIRFEC (Getting it Right for Every Child)

## 2018 Official SQA Past Papers – Other Subjects

Revise with confidence for exams on genuine National 5 and Higher Papers from the Scottish Qualifications Authority.

- Achieve your best grade with official exam papers with examiner-checked answers
- Ensure understanding of the course and exam requirements with a study-skills and exam guidance section
- Gain vital extra marks and avoid common mistakes with examiner tips
- Includes a Specimen Question Paper aligned to the Higher course specifications for exams from 2019

### How to code in Python: GCSE, iGCSE and National 4/5

Greg Reid

Ensure every student can become fluent in Python with this highly practical workbook that will guide them through the theory and logic behind coding.

Written for 14-16-year-olds by a leading Python specialist and teacher, and aligned to curriculum requirements, this essential book will provide 100s of coding examples, puzzles and problems to strengthen computational thinking skills, that can be completed as homework or during class time. *Python for Students* will:

- Provide numerous practice questions and coding problems to perfect the techniques required for GCSE, iGCSE and National 4/5 success
- Help students become proficient in computational thinking and problem-solving using Python
- Provide easy-to-follow explanations of concepts and terminology
- Feature plenty of opportunities for self-assessment with solutions to coding problems available online

Complete the FREEPOST order form on page 33

www.hoddereducation.co.uk/HodderGibson2019
**Hodder Gibson CPD events**

We know that every classroom need is different, which is why we offer a range of opportunities for CPD from face-to-face, regional events to bespoke in-school training.

**Face-to-face regional events**

Our regional events cover the whole spectrum of teaching and learning, with ideas and resources that you and your students can use immediately. In 2019, we are working with leading authors, academics and trainers to run regional events across a range of subjects, including Business Management, Chemistry, Geography, History, Mathematics, Modern Studies and Mindfulness, with more to come!

**In-School: bespoke training**

Is there an event that you wish to attend but find it a struggle to leave the classroom? Or is there an area where you are looking for specific support? Why not ‘host’ an event or a more tailored workshop at your school on a day that suits you and your colleagues.

Visit www.hoddergibson.co.uk to explore our full range of events, and to find out more about hosting In-School training for you and your colleagues.
# Hodder Gibson 2019 catalogue order form

**DON'T FORGET TO USE YOUR VOUCHERS AT THE FRONT OF CATALOGUE**

## How to order

- To order online visit [www.hoddereducation.co.uk/HodderGibson2019](http://www.hoddereducation.co.uk/HodderGibson2019)
- Alternatively follow the instructions below to complete this order form and return it to our Freepost address:
  
  Hodder Education, FREEPOST OF1488, 130 Park Drive, Milton Park, Abingdon, OX14 4SE
  
  Tel 01235 827827 • Fax 01235 400401 • Email education@bookpoint.co.uk

  International School / Export Trade Orders +44 (0) 203 122 7399 • Email: internationalsales@hodder.co.uk

If you are **not** placing a firm order but would like to inspect or trial a resource, select one of the following in the first column:

- Inspection Copy (IC)
- eInspection Copy (eIC)
- Approval Copy (A)
- Trial (Dynamic Learning resources only)

Then add the title and ISBN of the resource you would like to inspect/trial.

If you are **placing** a firm order, add the title, ISBN and price followed by the quantity you require for each title. Next, fill in the Sub Total box, add your voucher discount and include the P&P (see box at the bottom of the page), then write the amount in the Total box.

You'll find the title, ISBN and price information for every title in the catalogue. You then just need to turn over to fill in your details before sending or faxing it back to us.

### Inspection Copies

Inspection Copies allow you to review texts for up to 60 days. Purchase 15+ copies and keep the Inspection Copy FREE OF CHARGE.

### Approval copies

Approval copies are for photocopiable and/or high-value resources and after 60 days must be paid for or returned.

An eInspection Copy is an online version of a book that is available to view and browse as many times as you like for 30 days after you first click the link.

Free, no obligation trials are available for all our Dynamic Learning products.

We will need your email address to process trials and eInspection copies for you.
