GCSE (9–1)

OCR GCSE (9–1) Psychology

Mark Billingham and Helen Kitching

Help students to build their subject knowledge and understanding with activities, guidance and assessment preparation tailored to the 2017 OCR specification and brought to you by subject specialists and OCR’s Publishing Partner for GCSE Psychology.

- Prepare students for assessment with skills-building activities and practice questions developed for the new specification.
- Progressively develop students’ subject knowledge through accessible diagrams and key content summaries that aid understanding and help weaker students access the main points.
- Build conceptual understanding and critical thinking skills with a wealth of targeted activities.
- Extend learning and enhance responses with extension questions, stimulus material and suggestions for further reading.
- Consolidate understanding of technical vocabulary and core concepts through accessible explanations of key terms.

Psychology Review Magazine

Senior editor: Cara Flanagan

Give your students the edge they need to achieve their best grade, with topical articles, cutting-edge research and brand new case studies to deepen their subject knowledge and develop independent learning skills – plus expert exam advice tailored to the latest A-level specifications.

For more information see page 13
AQA A-level

AQA A-level Student Workbooks  PRINT

Molly Marshall

Create confident, literate and well-prepared students with skills-focused, topic-specific workbooks.

Our Student Workbooks build students’ understanding, developing the confidence and exam skills they need, whilst providing ready-prepared lesson solutions.

- Prepare students to meet the demands of the specification by practising exam technique and developing their literacy skills.
- Provide flexible resource material to reinforce and apply topic understanding throughout the course, as classwork or extension tasks, or with revision.
- Create opportunities for self-directed learning and assessment with answers to tasks and activities supplied online.
- Supplement key resources such as textbooks to adapt easily to existing schemes of work.
- Offer time-saving and economical lesson solutions for both specialist and non-specialist teachers.

| Workbook 1: Introductory topics in psychology (includes psychopathology) | 56pp | 9781471845178 | £9.99 |
| Workbook 2: Biopsychology, Approaches, Research Methods | 56pp | 9781471845185 | £9.99 |

These resources are not part of the AQA approval process.

AQA A-level Student Guides  PRINT

Molly Marshall

Reinforce students’ understanding throughout their course with clear topic summaries and sample questions and answers to help your students target higher grades.

Written by experienced teacher Molly Marshall, our Student Guides are divided into two key sections, content guidance and sample questions and answers.

Content guidance will:
- Develop students’ understanding of key concepts and terminology.
- Consolidate students’ knowledge with ‘knowledge check questions’ at the end of each topic and answers in the back of the book.

Sample questions and answers will:
- Build students’ understanding of the different question types, so they can approach each question with confidence.
- Enable students to target top grades with sample answers and commentary explaining exactly why marks have been awarded.

| Student Guide 1: Introductory topics in psychology (includes psychopathology) | 96pp | 9781471843723 | £9.99 |
| Student Guide 3: Issues and debates in psychology; options | 104pp | 9781471856792 | £9.99 |

These resources are not part of the AQA approval process.

Pearson Edexcel A level Psychology Student Guides

Christine Brain

Reinforce students’ understanding throughout their course with clear topic summaries and sample questions and answers to help your students target higher grades.

Written by experienced teacher and examiner Christine Brain, our Student Guides are divided into two key sections, content guidance and sample questions and answers.

Content guidance will:
- Develop students’ understanding of key concepts and terminology.
- Consolidate students’ knowledge with knowledge check questions at the end of each topic and answers in the back of the book.

Sample questions and answers will:
- Build students’ understanding of the different question types, so they can approach each question with confidence.
- Enable students to target top grades with sample answers and commentary explaining exactly why marks have been awarded.

Student Guide 1: Social psychology and cognitive psychology  96pp  9781471843426  £9.99
Student Guide 2: Biological psychology and learning theories  96pp  9781471843662  £9.99
Student Guide 3: Applications of psychology  96pp  9781471859403  £9.99
Student Guide 4: Psychological skills  96pp  9781471859434  £9.99

A-level Resources

**Aiming for an A in Psychology**

Jean-Marc Lawton

Help your students reach the result they deserve; this year-round course companion develops the higher-order thinking skills that top-achieving students possess, providing step-by-step guidance, examples and tips for getting an A grade.

Written by experienced author and teacher Jean-Marc Lawton, Aiming for an A in A-level Psychology:

- Helps develop the 'A grade skills' of analysis, evaluation, creation and application.
- Takes students step by step through specific skills they need to master in A-level Psychology, so they can apply these skills and approach each exam question as an A/A* candidate.
- Clearly shows how to move up the grades with sample responses annotated to highlight the key features of A/A* answers.
- Supports the practice required to achieve the levels expected of top-performing students, using in-class or homework activities and further reading tasks that stretch towards university-level study.
- Perfects exam technique through practical tips and examples of common pitfalls to avoid.
- Cultivates effective revision habits for success, with tips and strategies for producing and using revision resources.
- Supports the major exam boards, outlining the specific Assessment Objectives for reaching the higher levels under the AQA, Pearson Edexcel, OCR and WJEC/Eduqas specifications.

| Aiming for an A in A-level Psychology | 96pp | 9781510424234 | £9.99 |

**Essential Maths Skills for Psychology**

Author: Molly Marshall
Reviewer: Dorothy Coombs
Series editor: Heather Davis

If your students struggle with standard deviation or statistical tests, this is the book for them. This textbook companion will help improve their essential maths skills for psychology, whichever awarding body specification you’re following. You can use it throughout the course, whenever you feel they need some extra help.

- Develop understanding of both Maths and Psychology with all worked examples and questions within a Psychology context.
- Improve confidence with a step-by-step approach to every Maths skill.
- Measure progress with guided and non-guided questions.
- Understand misconceptions with fully worked solutions to every question.
- Feel confident in expert guidance from experienced teacher and examiner Molly Marshall, reviewed by Dorothy Coombs, Editor of ATP Today, former Chair of the Association for the Teaching of Psychology and experienced Biology, Psychology and FSMQ Statistics teacher.

| Essential Maths Skills for Psychology | 9781471863530 | £10.99 |

**Friday Afternoon AS & A2 Psychology**

Liz Charles

Engaging revision activities and games allow students to apply their knowledge using a variety of learning styles, and to review and reinforce their understanding of key terms and concepts.

- The pack is fully photocopiable and the CD-ROM provides a PDF version for easy printing.
- Activities can be adapted for individual, paired or group work.
- Engages students with activities suitable for revision sessions or throughout the course.

| Friday Afternoon AS/A2 Psychology Photocopiable Ring Binder (plus free CD) | 155pp | 9780340946992 | £99.99 |
Psychology Review  PRINT & DIGITAL
Senior editor: Cara Flanagan
Editors: Anthony Curtis, Matt Jarvis and Phil Banyard

Give your students the edge they need to achieve their best grade, with topical articles, cutting-edge research and brand new case studies.

- Reduces your planning by providing new and classic case studies and resources for classwork or homework.
- Develops skills, knowledge and exam technique, with dedicated exam skills articles and practice questions
- Looks beyond A-level, supporting university-level research and essay skills and providing advice on UCAS applications.

Subscribe to Psychology Review and receive:

How to order
• To order online visit www.hoddereducation.co.uk/Psychology2019
• Alternatively follow the instructions below to complete this order form and return it to our Freepost address:
  Hodder Education, FREEPOST OF1488, 130 Milton Park, Abingdon, OX14 4SE
  Tel 01235 827827 • Fax 01235 400401 • Email education@bookpoint.co.uk
  International School / Export Trade Orders +44 (0) 203 122 7399 • Email: internationalsales@hodder.co.uk

If you are not placing a firm order but would like to inspect or trial a resource, select one of the following in the first column: Inspection Copy (IC), eInspection Copy (eIC), Approval Copy (A) or Trial (Dynamic Learning resources only). Then add the title and ISBN of the resource you would like to inspect/trial.

If you are placing a firm order, add the title, ISBN and price followed by the quantity you require for each title. Next, fill in the Subtotal box, add your voucher discount and include the P&P (see box at the bottom of the page), then write the amount in the Total box.

You’ll find the title, ISBN and price information for every title in the catalogue. You then just need to turn over to fill in your details before sending or faxing it back to us.

Inspection Copies allow you to review texts for up to 60 days. Purchase 15+ copies and keep the Inspection Copy FREE OF CHARGE.

Approval copies are for photocopiable and/or high value resources and after 60 days must be paid for or returned.

An eInspection Copy is an online version of a book that is available to view and browse as many times as you like for 30 days after you first click the link.

Free no obligation trials are available for all our Dynamic learning products.
We will need your email address to process trials and eInspection copies for you.

Teaching & Learning Resources

Ready-made resources, multimedia content, lesson planning tools, self-marking tests and progress reporting:

• Group resources, plan, and deliver outstanding lessons using the Lesson Builder tool.
• Share lessons and resources with students and colleagues.
• Monitor student progress through interactive tests.

Exam Question Practice

Exam-style questions, sample answers and examiner comments:

• Work through each element of the exam as a class.
• Assign timed exam-style questions as classroom activities or homework.
• Get exam guidance with subject-specific advice and tips.

Student eTextbooks

Downloadable versions of the printed textbook that are assigned to individual students:

• Use on any device, with on-the-go access via the Dynamic Reader App.
• Add, edit and synchronise notes across 2 devices.
• Choose from 1, 2 or 3-year access options - all cheaper than the printed textbook.

Whiteboard eTextbooks

Online interactive versions of the printed textbook for front-of-class teaching

• Display interactive pages to your class, add notes and highlight areas.
• Launch the accompanying Teaching & Learning Resources for each page when you subscribe to both.

Find out more about Dynamic Learning at www.hoddereducation.co.uk/dynamiclearning
