

March 2010 – For Immediate Release

CACHE and Hodder Education join forces to offer specialist support for the Childcare, Health and Education Sector.

As the UK's only specialist awarding body for the Childcare, Health and Education sector, CACHE has joined forces with Hodder Education, one of the largest publishers and service providers for secondary education, to offer specialist support for those training and learning in the Childcare, Health and Education field.

The new resources for CACHE qualifications include both print and digital resources. Dynamic Learning is the ultimate teaching and learning digital resource and combines award winning quality content with easy-to-use tools, to aid teachers and encourage students to develop, progress and achieve in their CACHE qualifications. The package also includes student's books written by leading names in the field, targeted events and dedicated web pages, offering a complete solution for child care and health and social care courses.

All CACHE qualifications include full support packages comprising of tutor and learner product handbooks written by industry experts, nationwide training days, and a dedicated customer support team as standard. The new materials have been developed to provide a more vigorous learning experience.

This joint venture is sure to be an excellent platform for Childcare, Health and Education tutors and learners to access the very best courses and material from two of the leading names in the educational publishing and awarding field.

The new Hodder support materials for CACHE qualifications can be found at: www.cache.org.uk and <http://www.hoddereducation.co.uk/cache>

About CACHE and Hodder Education

CACHE

CACHE is the UK's only specialist awarding organisation for the children and adult care sectors, with a portfolio of qualifications ranging from Entry to Level 5. Last year, over 150,000 learners registered with us from over 1000 UK based Centres and overseas.

CACHE was established in 1994 as a result of the merger of the National Nursery Examination Board (NNEB) and the Council for Early Years Awards (CEYA) and has a heritage dating back to 1945. Since then, our qualifications have established a reputation for excellence and have supported many thousands of learners through to further study or employment within the Children and Young People's Workforce. Now, we continue to develop the most up to date and relevant qualifications for the new QCF and work closely with Sector Skills Councils to ensure the highest level of quality and a cutting-edge service to our customers, our learners, and the sector.

Hodder Education

The Hodder Education Group is part of Hachette Livre UK the largest and one of the most diversified book publishers in the UK.

Hodder Education is one of the largest publishers and service providers for secondary education in the UK. It has market-leading positions in secondary history, science, religious education, business studies and the social sciences. We are OCR's publishing partner for a range of subjects and have recently launched the award winning Dynamic Learning a ground-breaking digital resource for teachers and students.

The Hodder Education imprint also covers books and digital materials for the vocational, HE and self-learning markets. These well-established and successful lists include market-leading lists in catering and early years, and the Michel Thomas Language Courses which have dominated the best-seller charts since their launch in 2000.
