How we can help

We know that every classroom need is different, which is why we currently offer a range of opportunities from face-to-face events and webinars to bespoke in-school training.

Face-to-face: Regional events

From Teacher Workshops to Student Conferences, our regional events cover the whole spectrum of teaching and learning, with ideas and resources that you and your students can use immediately.

Online: Teacher and student webinars

These interactive sessions are a cost-effective way of training, offering classroom-ready resources and 6 months access to the webinar recording, meaning you can view them on-demand as many times as you need.

IN-SCHOOL Bespoke training

Is there a CPD workshop that you wish to attend but find it a struggle to leave the classroom? Or is there a particular area you are looking for support with? Why not 'host' an event or a more tailored workshop at your school on a day that suits you and your colleagues.

None of the events in this brochure are official AQA events and therefore the views and messages shared are not representative of AQA. For more information about the specification and official events, please visit www.aqa.org.uk. If printed or digital copies of AQA material are required for any events, you will receive confirmation of what you need to bring prior to the event
